### **Golf Digest names Tobiano best new Canadian course for 2008**

KAMLOOPS B.C. (Dec. 4,2008)– The Thomas McBroom-designed Tobiano has been named the Best New Canadian Course for 2008 by Golf Digest Magazine.

"This is the best early Christmas present I could ever imagine," said Michael Grenier, President of Pagebrook, Inc., developer of Tobiano "Without question, Golf Digest is one of the game's most prestigious publications, it's ranking system and its panellists are the gold standard in the industry. To be recognized by Golf Digest is a distinct honour and a real tribute to the inspired creativity of Thomas McBroom and the dedicated effort of Director of Golf Miles Mortensen, Superintendent Terry Smith and our entire Tobiano staff. This is really their award."

Earlier this year, Canada's SCOREGolf Magazine named Tobiano Best New Course for 2008. The recognition by the two leading golf publications from among many outstanding new facilities across Canada not only honours Tobiano, but also signals the emergence of the Kamloops area in British Columbia's Thompson-Okanagan as one of the Canada's finest golf destinations.
